BLOCKCHAIN EXCELLENCY PROGRAM (BEP)

Bring fresh graduates closer to blockchain ecosystem

Expose young graduates to real-life blockchain learning and industry experience

Provide blockchain industry a pool of talented blockchain professionals

ABOUT US

Kerala Blockchain Academy (KBA), is a center of excellence under the Kerala University of Digital Sciences, Innovation and Technology (formerly IITM-K) for offering blockchain training, research, and consultancy in multiple domains. Power-packed with young technology enthusiasts and research scientists, KBA missions to embrace game-changing technology and bring qualitative changes to the world. KBA is an Associate Member and Official Training Partner of Hyperledger hosted by the Linux Foundation. KBA is also a General Partner of R3 Consortium, Associate Member of InterWork Alliance, Content Partner of Blockchain Education Network and Knowledge Partner of IBF NET.

Learn More About Us:

PROGRAMME

Imagine having the opportunity to unleash your technical ingenuity and acumen in the blockchain world- with the support, mentorship and backing of the official blockchain training partner. This is what Blockchain Excellency Program (BEP) offers to the candidates.

The 12-months paid internship program will offer blockchain-interested candidates the opportunity to work with a team of peers to improve their analytical and technical skills and work in a truly blockchain environment. Besides being mentored, the candidates will be allowed to take part in brainstorming, presentations, and development workshops to identify their real potential to build a professional portfolio in the blockchain world.

INTERNSHIP FACTS

Fees
NIL

Prerequisites

We expect candidates to have a basic idea of blockchain technology and gain better insights through the peer-learning process and classroom sessions.

0-3 Months

The unpaid training takes a head-on dive into the blockchain, exploring through Public and Permissioned blockchain infrastructure.

Appraisal

On completion of 3 months, the candidates will undergo an intermediate evaluation to be paid off with Rs 15,000/- from the 4th month.

04-12 Months

Make candidates blockchain industry ready via deep exposure to the blockchain learning environment, polishing the coding skills, deploying decentralized applications and creating technical write-ups and explainer videos in the blockchain.
